Community Activity Programmes

Club representatives complete Community Sports Coaching Programme!

The aim of the Community Sports Coaching Programme is to develop the skills of community leaders, coaches and club representatives through the provision of education and training inclusive of the following qualifications:

- National Governing Body (NGB) of Sport awards (GAA dual foundation, FAI Kick start 1& 2, Athletics leaders award, Spikeball introductory award).
- Community awards (Irish Heart Foundation Community Walking leader, Sport Ireland Active Leadership, Safeguarding 1 & 2, Sports Injury First Aid, Disability Inclusion training)
- Career preparation (QQI Level 3 Career Preparation & Internet skills)

This is the 3rd year to roll out the Community Sports Coaching Programme in Meath. Past participants of the programme have progressed as coaches within their clubs while others used the qualifications to gain access to further education (3rd level) which was previously inaccessible to them. Some participants gained employment within the Local Sports Partnership network with NGB’s and with community groups.

The programme provides opportunities for participants to gain employment and avail of coaching, volunteering and further education opportunities in the sports sector.

The programme runs for 2 days per week for 14 weeks. Meath LSP intends to roll out a 4th Community Sports Coaching Programme commencing in October/November 2018 and finishing in February 2019. For more information contact Paul Friel on 046-9067337 or email paul.friel@meathcoco.ie

“Amazing things can be achieved when no one gets the credit” according to former Meath manager Mick O’Dowd

Former Meath Manager and current Skryne underage girls football coach Mick O’ Dowd joined Liam Moggan (Sport Psychologist and former Coaching Ireland Coach educator) and Sheelagh Quinn (Manager of the Coaching Ireland, Coaching Children in Sport programme) on stage at the Meath LSP’s Coaching Children in Sport workshop held in the Ardboyne hotel on

The evening began with Sheelagh Quinn from Coaching Ireland setting the scene as to the current challenges in children’s sport in Ireland today.

Mick O’Dowd, who is currently coaching with the under 8’s and 10’s girls football in his local Skryne GAA club spoke about the importance of using language appropriate to the child’s age when instructing or coaching.

The key note speaker, Liam Moggan (pictured left), is the current Sport Psychologist with the Kildare footballers and has extensive experience with countless teams and individuals both nationally and internationally over a long career. Liam believes that as coaches, “we should all get to know the children we coach, know their story, know their background – learn their personality. It’s this personality which makes that child different from all others”.

He went on to say that “coaching is difficult, it’s hard from day 1 but we do it for the love of the sport and the children”.

Follow on Workshops

As a continuance of this seminar, Meath LSP will be rolling out Coaching Children in Sport workshops in 2018. There are 4 workshops - each 3 hours in duration & will focus on the fundamentals of movement and fundamentals of games in Children’s Sport. These workshops will better enable coaches to identify individual children’s needs in a sporting context and how to improve performance based on these needs. Meath LSP together with Parkinson’s Association Ireland are piloting a new exercise class for people with Parkinson’s. Exercise for people with Parkinson’s can improve gait, balance, tremor, flexibility, grip strength and motor coordination.

Parkinson’s Foundation states how one study showed that people with PD who exercised regularly for 2hrs a week had a smaller decline in mobility and quality of life over two years. Exercise may also improve cognition, depression and fatigue.

The group meet the last Friday of every month. The programme is open to people with Parkinson’s and their family members. This is a great opportunity to maintain quality of life, participate in regular activity and receive support from other group members with similar experiences.

The next class is Friday 27th April at 12pm in the Ardboyne Hotel, Navan.

In conjunction with Go for Life, Meath LSP are holding a series of workshops for older people who are interested in leading physical activities with members of their groups/clubs/organisations. Participants do not need to have any background or formal experience in leading physical activities.

Royal County 5km/10km—Secondary School Challenge

Meath LSP in partnership with St. Brigid’s Athletics club is holding the annual Royal County 5k & 10k in Kells on Bank Holiday Monday 7th May. This year, we want to increase the number of Secondary Schools taking part in the event.

Statistics show us that 12% of post primary school children are not reaching the national physical activity guidelines of 60 minutes of moderate to vigorous intensity physical activity per day. This should include muscle-strengthening, flexibility and bone-strengthening exercises 3 times a week. In addition, one in four children are classed as unfit, overweight or obese and have elevated blood pressure (CSPPA, 2010).

We want your school to take on the Couch to 5k challenge between now and May 7th. Meath LSP can support you in the design of 3-4 week plan to get you prepared to walk, jog or run the 5km route, regardless of ability level.

The school that brings the most students to the start line will receive a set of 4 Indoor Athletics turning boards worth over €800. These turning boards are a very useful tool in PE and can help in the reduction of injury due to stopping suddenly when nearing a wall or turning around cones. Please have a look at this video clip for a better flavour of their use: https://www.youtube.com/watch?v=3ovI0kWxeBc.

To register your interest in the initiative and the avail of the discounted entry fee or to receive your free Couch to 5k plan, please contact Paul Friel on 046 9067337 or email paul.friel@meathcoco.ie
The Daily Mile Challenge

Meath LSP would like to invite your school to take part in The Daily Mile Challenge. A free and simple initiative; The Daily Mile Challenge aims to improve the physical, social, and emotional wellbeing of the children in your school. It is not PE, sport or cross-country but a physical activity which can help children to focus and concentrate in the classroom and raise their attainment.

The Daily Mile is successful because it is simple and free:

- It takes place over just 15 minutes, with children averaging a mile each day.
- Children run outside in the fresh air – and the weather is a benefit, not a barrier.
- There’s no set up, tidy up, or equipment required.
- Children run in their uniforms so no kit or changing time is needed.
- It’s social, non-competitive and fun.
- It’s fully inclusive; every child succeeds, whatever their circumstances, age or ability.

If you are interested in starting The Daily Mile with your whole school or one of the classes in your school, please contact Meath LSP for an expression of interest form or email paul.friel@meathcoco.ie

### iRunForFun for Secondary Schools.

Meath LSP has teamed up with Athletics Ireland to offer an athletic based activity for secondary schools. **iRunForFun** is a 6 week programme that has been designed to encourage engagement in physical activity in secondary schools.

The **iRunForFun** programme is FREE of charge, comes with a training diary and is suited to all abilities. The diary provides training tips, advice, and there are also articles on goal setting and nutrition.

Each week there is a compulsory session that is outlined in the **iRunForFun** diary. Each session will take no longer than 10-15 minutes to complete and should take place during physical education (PE) class each week for a period of 6 weeks. The training should take place around a fixed loop of approximately 150-250 meters. A basketball court, large hall, or half a GAA/Soccer pitch is perfect for this.

On completion of the 6 weeks, the school will then facilitate a school challenge at a distance suited to those who participated on the training programme for example -1 mile, 3k or 5k. Schools currently on the programme include – St Ciaran’s Community School and Eureka Secondary School in Kells and Beaufort College in Navan. If your school is interested in participating in the **iRunForFun** programme, please contact Paul on 046 9067337 or email paul.friel@meathcoco.ie

### School Sports Day Training

**Wednesday 30th May | 3.30pm-6.30pm | St. Paul’s NS, Navan**

Meath LSP organises school sports day training workshops for primary schools in the county. A common issue many schools encounter is in relation to organising the school sports day. To assist schools in this regard, we have developed a school sports day training pack that consists of a guidebook, training workshop and treasure hunt cards.

The training and accompanying guidebook is designed to equip the participant with the knowledge and skills required to deliver a sports day that is more accessible, easily organised, safe, successful and most importantly fun. Training is open to teachers, special needs assistants and parents from primary schools in Meath.

Cycle Right Programme

The **CYCLE RIGHT** programme in conjunction with Meath LSP continues to be rolled out in 2018. Since 2017, the **CYCLE RIGHT** programme has been implemented within primary schools nationwide. The goal of **CYCLE RIGHT** is to provide the national standard of cycle safety and skills training to all participants.

**CYCLE RIGHT**, offers
- Best-practice in cycle training, derived specifically for our unique environment
- Quality of delivery and an on-going quality assurance system to ensure consistency
- Guaranteed ratio of qualified, registered trainers to work with your groups
- A goal of on-road training as a core part of the programme
- Resources for schools, teachers and parents/guardians to facilitate follow up and support to training

At present, Stage 1 is being delivered in Primary schools countrywide. At Stage 1, trainees undertake trainer-directed bicycle and road skills training mixed with theoretical and Rules of the Road instruction based at classroom and off-road locations. Stage 1 also aims to include on-road training in a local environment appropriate for novice riders.

**Programme cost:**
This cost is heavily subsidised by the Road Safety Authority (Dept of Transport, Tourism and Sport) and by Meath LSP. The approximate cost of programme delivery is €50 per child, cost after subsidy applied is **€13 per child**. If your school is working with An Taisce on the Green Schools programme and on the 4th Green Flag, please check with your travel officer as to the possibility of accessing further support funding.

Meath LSP would like to thank Eurolink M3 for their continued sponsorship of this programme and investment in safe cycling practices in Meath.

In Meath, we are delighted to continue our partnership with Barbara and the team in the Cycle Safety School. If you wish to avail of the **CYCLE RIGHT** training or wish to continue to use the services of the Cycle Safety School, please email **cyclingsafetyschool@gmail.com** to register your interest or contact Ruth on 086 2292013.

“Excellent programme, he now loves cycling. He has increased confidence and is now eager to get out cycling”.

Inclusive School Programme

The Inclusive School programmes aims to deliver training to educate students on disability awareness and promotes the strengths and abilities of people with disabilities through physical activity. It creates school community links with disability services and promotes community engagement and inclusiveness.

Loreto Secondary School, Navan and Prosper Meath Disability Service recently participated in this programme across two school terms. 55 students in Loreto Secondary School Navan received Disability Awareness Training and delivered a physical activity programme to 10 adults in Prosper Meath. The programme offered a range of activities from parachute games to basketball. In addition many friends were made along the way.

‘It was a brilliant programme, I am really happy I got the chance to do it. It was great for my exercise’.
Participant from Prosper Meath.

Special thanks to Orla Houlihan, service user from Prosper Meath who spoke in advance to all the students to help them deliver a valuable and fun programme. Thank you to all the students who participated, to Joanne Moore (PE Teacher) Loreto Secondary School and John Brennan, Prosper Meath for supporting the programme.

If your disability service or school would like to learn more about this programme, please contact kfeeney@meathcoco.ie or call 046-9067337.

Football for All kicks off in East Meath United FC!

The FAI Football For All (FFA) programme is a national led programme which gives players with a disability the opportunity to receive regular football training and competition through a local club community environment. FFA clubs provide opportunities for children with specific needs who may need additional supports to develop as footballers to join a club, train and compete in FAI FFA club festivals.

Effort, respect, ambition, teamwork and humility, they’re all qualities that are important to East Meath United (EMU) Soccer Club. It was in the spirit of all of these qualities that EMU took a major stride forward, Saturday 7th April, with the launch of their Football-For-All Programme.

The club have developed the programme with the support and guidance of Oisin Jordan, the FAI Football for All National Coordinator, Kate Feeney Sports Inclusion Disability Officer, Meath Local Sports Partnership and Barry Ferguson, Football Development Officer Meath.

What does Football-for-All’ mean for the children? “The programme is for primary school age children. Players can expect to have fun, make friends and develop their football skills in a safe and supportive environment with the help of a dedicated team of coaches and assistants.”

Kate complimented East Meath United at the launch stating, “how committed and thorough the club had been with their approach to this inclusive development”. She noted the planning and preparation which led to setting up a quality programme; having a designated Football For All committee, recruiting coaches and volunteers, training and education, taster session held for players and engaging the wider community. Kate was enthused with the “commitment of the club to ensure the success and long-term sustainability of the programme and wishes it every success.”

East Meath United Chairwoman, Sharon Tolan, added “it is the club’s desire to include all the community in our future plans while making our facilities available and accessible for all children who want to enjoy sport in the area.”

“Sometimes we can lose sight of what’s important in grassroots football and get caught up in the competitive side” he said. “Football for All reminds us of what’s really important namely, providing kids of all abilities the opportunity to play the beautiful game in a fun and safe environment.” Head coach, Stephen Reilly

Director of Football Dave Gaffrey added: “this is a great development not just for the club but for the community as a whole. Every child, regardless of ability, should have this option. That’s what Football for All is about”. Deirdre McBride explained “this programme means a massive amount to us as a family; to have an area safe where Kieron can feel equal, accepted and where he can participate without being judged, a place where he can be himself with his own identity and be part of his own team.”

The weekly sessions will run every Saturday from 3-4pm on the all weather pitch in East Meath United. For more information on this programme please email football4all@eastmeathunited.ie
